vignettes of toby and rachel s early days as parents on maternity leave toby would meet rachel in central park with baby hannah in the stroller rachel recognized a group of new mothers from her prenatal yoga class and noticed that their babies were more smiley and playful than hannah confused rachel took hannah to the doctor and was told that smiling is a behavior babies imitate asking if she s been smiling at her baby that night toby asked her to consider therapy for postpartum depression god you re like the gustapo rachel snapped toby felt bad for rachel feeling like she was missing out on the joys of being a new parent we saw toby in his apartment office working but rocking hannah back and forth in her cradle he smiles at her she smiles back when rachel returned from her first group therapy session she refused to talk to toby about how it went

before we discuss how to acquire resources for free in episode choose your story let s first discuss where you use them this will allow you to understand better why these resources are important and needed in the game gems are the resource that you need if you want to fully experience the story you re reading or playing this is because there are certain scenarios or choices that you can only select if you pay in gems

there are several ways to get gems and passes for free in episode choose your story so it s important to take advantage of them especially the ones that you can only use once you usually get a good chunk of resources from the one time action this action is about connecting your social media account to the app doing that will earn you gems for free

these 3 things are the main ways to get gems and passes for free these ways are recurring meaning you can always rely on them to acquire gems and passes for free it may not be a lot but it s enough to help you just make sure you save them as much as you can

in their earliest days cohabitating an apartment toby and rachel picked up a coffee table from the curb that someone else was throwing away they fixed it up together with rachel playfully putting googly eyes over her glasses while discussing toby s future in the healthcare industry pointing out that there are better hours and more money in plastic surgery

some of the darkest moments in history happened in the sweet spot between folklore and science and if one particular event from philadelphia has anything to teach us it s that moments like that are difficult to accept and more than a little frightening
