an awesome metroidvania style rpg exploring a tiny world of bugs underground hollow knight is a meaty slice of 2d action pitting you against brutal bosses and perilous platforming sections across your journey

the game also includes an incredible online multiplayer mode that manages to be incredibly competitive and frenetic but with a very different tempo to reflex heavy fps like call of duty and battle royale games

the expanded ps vita port of persona 4 persona 4 golden is coming soon to modern consoles with remastered graphics quality of life improvements and more set in the rural town of inaba the people are gripped in fear of a mysterious serial killer killing off the townsfolk in bizarre ways

with hundreds of titles on offer deciding what to download first can be a bit of a head scratcher dozens of new titles have been added with the addition of ea play and almost the entire Bethesda library do you go with a gpu straining triple a blockbuster or opt for an innovative indie title we've picked our must play favourites from the available selection to get you started

you can download the games and play them as often as you like as long as you continue to pay the monthly fee some titles might become unavailable as others are added but you also have the option of buying any of the collection outright at discounted prices

part of Xbox's team up with Electronic Arts to include EA Play titles on Game Pass Mass Effect Legendary Edition is another swathe of generation-defining RPGs this time following Commander Shepard across a trilogy of space opera epics as they defend humanity and the Galactic Alliance from a mysterious and hostile foe

better yet subscribers of xbox game pass ultimate also have the january 2023 games with gold titles to enjoy at no extra cost if all those new games you got for christmas just aren t doing it any more there is plenty to look forward to
