by doing as such you will have the option to gather a daily reward from your affiliation's sculpture in the city there is no ensuring that VC will be the award inside gift that you select yet it won't cost you a penny in any case

the most common way is the myplayer grind take advantage of various game modes i.e. the city mycareer rec program to play games in and the better your performance grade stats the more VC you can earn

so open up your mycareer particularly on a new profile that's worked past all the opening tutorials and head to brickley's gym which is marked on your city map enter the building and play your first game by talking to the NPC inside right after your badge progress loads at the end of the match quit out of the game

to avoid any losses we always include NBA 2K22 free codes and VC lockers NBA 2K22 is the latest series of NBA 2K2K games many players including Xbox One and PS4 search daily for new NBA 2K22 locker code

the most common way is the myplayer grind take advantage of various game modes i.e. the city mycareer rec program to play games in and the better your performance grade stats the more VC you can earn

ways other than mycareer include making a WNBA player and fouling out ASAP each game and skipping all the cutscenes fouling out of mycareer doesn't give VC but WNBA it does playing myNBA games either play them regular or if you let the CPU play the CPU you get VC 1000 1100 for a 12 minute quarter game i believe or playnow online gives VC there's also a little kiosk near your park courts where you can do real life NBA pick'em for 100 VC per correct answer but it's pretty buggy so i wouldn't expect much

most players believe nba 2k23 is the best and latest edition of the series after many years 2k sports returned the jordan challenges with a michael jordan cover it makes the nba seasons in the game a fantastic time archive for sports fans the game s most recent version also includes many new awards power grabs
