pet master also has frequent events that shower you with rewards you will see notifications or icons of the events in the upper right corner to maximize the rewards play these events every day and finish the quests and tasks

**you get to roll 6 dices per round and every hour a new dice will be added for you to use you can also add more dice to your inventory by clearing some specific missions and events that contain dice as their reward**

**you can roll 6 dice per round and every hour a new die will be added for you to use you can also add more dice to your inventory by completing some specific quests and events that contain dice as a reward**

one of the main sources of income for the creators of pet master is selling you spins and coins most of the time you pay a lot of money for small spins and coins sometimes however there is a free offer mostly it is a few spins or some other gift you can use them safely but be careful not to get greedy

you can roll 6 dice per round and every hour a new die will be added for you to use you can also add more dice to your inventory by completing some specific quests and events that contain dice as a reward

yes you can get 40 120 free spins by inviting individuals who have never played this game before i ve found that playing this game with friends and family members is more enjoyable so if you have any friends or family members who enjoy playing mobile games welcome them to this game by sharing your coin master referral link and you ll be able to win free spins quickly

pet master game you can see how much level up of leaderboard and display all friends rank you can see word wise player rank and country wise leaderboard rank see leaderboard dialogs are displayed friends names and total stars with a rank number
