so i finally caved in and bought the game for 16 haven t spent any money played through college and g league and just grinded from 60ovr to 69ovr it s tough i m only making 1100 vc game to max my shooting it s 50k vc which is half the season ffs

as we mentioned many players keep an eye out for locker codes that have been released some players have apps that allow them to access codes this could cause anger are you able to access the most recent codes for nba lockers 2k22

before getting to the methods however we feel it s best to clarify a few things for one these methods aren t instant pathways to 100 000 vc with minimal effort instead these are generally just shorter form grinds that require less play time to accrue a healthy amount of currency the term glitch has been adopted by the community to describe these tactics but there s a lot more commitment involved than it appears if you re not willing to do lots of rinse and repeat for the extra money these glitches won t be worthwhile to you

in nba 2k22 vc is the essential currency everyone wants to get their hands on in this guide we will tell you about some of the easiest and fastest ways of farming and earning vc in nba 2k22 so that you can collect a whole bunch of it quickly

load back in and immediately fast travel by hitting the right bumper if the glitch is done right you ll see that the game still acts as though you never played that game but you still get to keep whatever badge progress or vc you earned from the previous win so just keep playing your first game keep winning and enjoy the profits

of course players have the option of purchasing vc in game but that largely defeats the fun of playing to better your character and is also much less satisfying moreover many players are against spending money on strengthening their character rejecting the system s pay to win nature
